

## Disability Insurance Need

**Unexpected accidents happen to anyone!**

June 6, 2014 – O.S.A. Olympic gold medalist Amy Van Dyken-Rouen broke her back during an ATV accident. Van Dyken-Rouen had retired from the Olympics after winning 2 gold medals in Sydney 2000.

She was injured when the ATV hit a curb and launched her over a drop-off. Her spinal cord was severed at the T11 vertebrae and she may never walk again.

Active young people are always at risk of serious injury simply through their exuberance for life and predilection for adventure. Talk to 20 somethings about “extreme” sports and uber fun!
